THIRTY-NINTH YEAR NO. 23

### TAYLOR SCHOOL CLOSES

Three Gold Medals And A Number of Other Awards Are Presented to Pupils

The closing of the 1929-30 school session of Taylor ward school, Friday, May 30, was featured by the presentation of the annual medals and awards, Mrs. W. W. Stockstill, principal, making the presentations. A large number of patrons of the school were present for the presentation of awards and the delivery of report cards to the pupils.

Three gold medals were given for attendance and scholarship, these being won as follows: fifth grade, Mildred Collins; fourth grade, Myrtle Rudokins; second grade, Rita Benigno.

A pencil given for general work was awarded to Mark Solomon of the second grade. A pencil for attendance was given to Mark Carnichael of grade 2-B, in recognition of perfect attendance except for one day's absence. Lillian Sick of the fourth grade was given a fountain pen for good attendance, she having missed but one day. A. G. Favre, Jr., first grade, received a pencil box for scholarship.

Two of the gold medals were awarded by Geo. E. Pitcher, the kindly friend of the school who often presents gifts to the school; the gold fountain pen and pencil were given by Mrs. C. W. Collins, and the teachers. Mrs. W. W. Stockstill and Miss Ruth Lloyd, presented the other medals and gifts.

This has been the best session of the school, it is believed, and plans are in progress for making next year an equal success. A major project of this session, fostered by the Parent Teachers Association, was the purchase of a radio, the first to be furnished a school in Hancock county and this radio is almost free of debt. A special work of the primary grades this session has been the memorizing of all Mother Goose rhymes set to music as melodies and all songs in the primary work, and the lessons have been dramatized. Next year a major project will be the organization of a rhythm or toy orchestra.

### ACADEMY EXERCISES SATURDAY

St. Joseph's Academy Will Graduate Class of Ten Saturday, 8 P. M. at College Auditorium

St. Joseph's Academy will close its 1929-1930 session Saturday night 8 o'clock, when a class of 10 will receive their diplomas. The exercises will be held at St. Stanislaus College auditorium.

Both honor students of the class are residents of Bay St. Louis. Gertrude Partridge led the class roll and will be valedictorian and Loretta Smith as second in rank will be the salutatorian. These will give the greeting and farewell for the class. A third member of the class, Anna Mae Blaize, will speak also on the program, reading an essay on the diamond anniversary of the school which she has called: Seventy-Five Years.

Rev. Leo Fahey of Bay St. Louis who began his school days at St. Joseph's Academy a graduate of St. Stanislaus College, a student at Rome, and at present one of the priests of Our Lady of the Gulf Catholic church, will deliver the address to the graduates.

### THEATER MAGNATE RECUPERATING FROM DOUBLE OPERATION

E. V. Richards, formerly secretary-treasurer and later executive manager for the Sanger Amusement Company, at New Orleans, and now an official of the Paramount-Public Theaters corporation, was carried over to "Edmond Manor," his beach summer home, Monday evening where he will recuperate from a recent double operation including the removal of appendix. He is accompanied by a professional nurse and part of his family.

Mr. Richards underwent the ordeal of the surgeon's knife bravely and successfully some two or three weeks since and hopes to recuperate from the after-effects quickly and permanently.

### Open Bowling Alley

Guy Allen and Bill McDonald of Pass Christian have opened a bowling alley in Bay St. Louis on North Beach Boulevard to the rear of Bailey's Cafe. This is another of the new amusements which are being introduced into the county.

### PRIZE ESSAYIST MAKES REFERENCE TO DR. ERNEST S. LEWIS

Father of Bay St. Louis Citizen is One of Two Surviving Graduates of Fifties

Mrs. Arthur M. Hill of New Orleans has been awarded the Dorothy Dix prize of \$100 offered annually for the best human story written by a student of journalism in Tulane University.

Mrs. Hill will receive the prize at a meeting of the Tulane Chapter of Phi Beta Kappa, Monday night, June 9. She is the first woman to win this award, which was offered first in 1928.

During the course of Mrs. Hill's interesting story, which will not be released for publication until June 8, she dwells on the work, as a human interest story, of Richard K. Bruff, the blind registrar emeritus of Tulane University, and his historical work of that institution.

Mrs. Hill says Mr. Bruff in his work of compilation also collected, from fragments of information, a list of all students who ever graduated from Tulane University. In one paragraph she quotes Registrar Bruff:

"I was especially interested in the law and academic departments, which are very old. Few people know that the University of Louisiana which, of course, was taken over by Tulane conferred arts and science degrees in the fifties. Dr. Ernest S. Lewis and Col. J. B. Levert are the two surviving graduates of those years. Both must be well on toward ninety years of age."

Dr. Ernest S. Lewis is the venerable father of Dr. Hampden S. Lewis, practicing Bay St. Louis surgeon and physician, and his father is remarkably active for his age. Still practicing his profession and walks a minimum of five miles a day.

### CLERK OF COURT READY TO ISSUE UNDER NEW LAW

Marriage Laws Now Make It Compulsory to Give Five Days' Notice of Intention.

Under the new marriage law which went into effect on June 1st, marriageable people—the boy under 21 years of age and the girl under 18—must wait five days after making application for a license before the license can be legally issued.

This may delay the marriage of those who are too conscientious to swear falsely, but these really are some young folks who are anxious to wed and not very particular about how they swear anyway.

Clerk of the Courts A. G. Favre, who issues the marriage licenses for Hancock county, at once equipped himself with necessary blanks for the carrying out of provisions of the new Marriage law in Hancock county, and no one wishing to marry will have to wait or be delayed because of lack of preparation. Clerk Favre's strict attention and promptness to the duties of his office is always a matter of satisfaction to the public he so efficiently serves.

### JUDGE WM. H. BYRNES TO DELIVER ADDRESS TO GRADS. SUNDAY

Geo. J. Toca and John O'Brien, Both of Bay St. Louis, To Deliver Salutatory and Valedictory Respectively.

St. Stanislaus College at Bay St. Louis will hold its 76th annual commencement at eleven o'clock Sunday morning June 8, in the College Auditorium. Judge William H. Byrnes of New Orleans will deliver the address to the graduates. Geo. Toca, Jr., and John O'Brien both of Bay St. Louis will deliver the Salutatory and Valedictory. Following are the 38 High school graduates:

Saxon Brandt, Diamond, La.; Eugene Crowe, Kiln, Miss.; Geo. Grevenberg, Walden, La.; Louis Gaudin, New Orleans; Walter Gaudin, New Orleans; Harold Gaudin, New Orleans; Richard O'Leary, Stanley, La.; George Somat, Potter, Stanton, Geo. Sullivan, Martin, Turnbull, all of New Orleans; Victor Gerolamo, Kenner, La.; George Fagout, Golden Meadow, La.; Ramon Garcia, San Jose, Costa Rica; Almonzo Casque, Merida, Yucatan, Chiapas, Chiapas, Chiapas; Andre Leche, Saint Louis, Mo.; Tyler McCortley, Handsboro, Miss.; Charles Richard, Carencro, La.; Coyle Schmidt, Gulfport, Miss.; James Stude, Laurel, Miss.; Joseph Timpe, Gulfport, Miss.; Albert Villaseenor, San Jose, Costa Rica; Alvin Wackerle, Selma, Ala.; Thomas Wolf, Bay St. Louis; William Wolf, Bay St. Louis; Howard Blake, Arroyo, Bay St. Louis; Harold Favre, Arroyo, Bay St. Louis; Arthur Anderson, Bay St. Louis; John O'Brien, Bay St. Louis; George Toca, Jr., Bay St. Louis.

### CENTRAL HIGH STUDENTS GRADUATE

Class of 22 Receive Diplomas Friday Night—Various Awards Made By Prof. Ingram

Twenty-two students received diplomas at the Central High school Friday night at the closing exercises of the 1929-30 session. Prof. Ingram, superintendent, presided at the exercises and Prof. Joseph E. Gibson, superintendent of McComb city schools, delivered the address to the graduates. The crowd that filled the auditorium to overflowing and thronged the halls, is thought to be the largest ever to assemble for a graduation at the high school.

The stage was decorated for the evening in the class colors of pink and lavender, sweet peas, greenery and paper streamers being used effectively as a setting for the graduates wearing their caps and gowns of gray.

Rev. C. C. Clark, pastor of the Bay St. Louis Methodist church, gave the invocation. The seniors sang a chorus. Burr Marshall played a piano solo.

The greeting of the class was given by Wm. Dalton Hays, Jr., salutatorian, and the farewell was delivered by Mary Elba Marshall, the valedictorian. These two honor pupils whose high academic standing entitled them to their positions on the graduation program have done signal work in several fields. Dalton Hays has won two first places in literary events in the Coast region contests; has played in football and tennis representing his school in the regional tournament in tennis; served on the school paper as sports editor and has been official school reporter; was a member of the school debating team and took part in the senior play.

Mary Elba Marshall has won two first places in literary events in the Coast region contests; has played on the basketball and track teams representing her school in track at the regional contests; was news and art editor for the school paper; has participated in several school plays, playing leading role in the senior play; and plays the piano.

Prof. Gibson used as his subject Education as an Investment in Life, stressing the development of public schools and their contribution to present life, showing them not as individual but as common assets. He explained the commercial value to the individual of a good education and urged all to continue to build educationally on the foundation of the high school.

All accompaniments for the program were played by Mary Alice Hawkins, one of the high school students.

Prof. Ingram delivered the diplomas and made the various awards. Awards made in the grammar grades were medals for attendance and one for spelling and were won as follows: primary, attendance, Zeddie Ellen Capdepon, Shirley Smith and James Ansley; second grade, attendance, Leontine Ziegler; third grade, spelling, Estelle Peppere; attendance, Estelle Peppere, Josie Rita Olson, Inez Wright; fifth grade, attendance, Addie Bourgeois, Adelaide Heltzman, Freddie Fayard; seventh grade, attendance, Eunice Toca, Caroline Ballard, Vivian Telhiard.

Ella Brooks Canty won the English medal given by the Hancock County Bank to the 6, 7, 8 grades. Lois Ansley won the mathematics medal given by R. N. Blaize of the Superior Oil Company to the 6, 7, 8 grades.

The high school attendance medal was won by Edris Vairin for perfect attendance for six years.

A medal given by the Interstate Bank and Trust Company of New Orleans for an essay written on a subject chosen by the company, was won by Wm. Dalton Hays, Jr.

The medal given by the Gulf Coast region of the Mississippi Literary and Athletic Society for literary honors at the Coast region examinations were presented to: Dorothy Wells, home economics; Carroll Joulain, second year Latin; Mary Elba Marshall, plane geometry.

Six commercial medals were awarded.

### WAVELAND TO BE SCENE OF PICNIC OUTING, SUNDAY, 8

Forty-Piece Brass Band Will Accompany Knights Templar and Family Members

A basket picnic will enjoy the breezes and bathing of delightful Waveland beach this coming Sunday, June 8.

Members of Ivanhoe Commandery, No. 19, Knights Templar, New Orleans, accompanied by their wives and children, sweethearts, friends and other guests will spend the day on the wonderful shore of the Mississippi Gulf Coast.

"Edmond Manor," summer home of Mr. and Mrs. Charles C. Brown, will be the scene of the day's exploits for recreation. And with such fine hostess and hostess the day's quest for pleasure will not be in vain. Mr. Brown is commander of the Ivanhoe commandery, and A. C. Pierpont is generalissimo. C. W. McKenzie, captain general.

Accompanying the party will be the Templar brass band, composed of forty members. "Some music" it is said. And what a woe of a time is in store for the visitors to Waveland shores for the day!

Commander Brown is properly enthusiastic over the proposed day's outing and justly so. He says while the guests will visit the Gulf Coast, this will be an essentially Waveland affair and want that far sister city of ours to get all the credit possible. So, here's to Waveland and the Ivanhoe Commandery, Knights Templar.

### BAY ROTARY CLUB TO HAVE LADIES' NIGHT AT AN EARLY DATE

The Bay St. Louis Rotary Club again had another delightful and successful luncheon meeting Wednesday, with a number of out-of-town guests present.

There was a nearly one hundred per cent meeting. Harold B. Weston was the speaker for the day.

The club is preparing for the approaching celebration of Ladies' Night, which will take place on the occasion of the installing of the recently-elected officers for the new year. The exact date will be announced probably at the next meeting.

### PRIZES AWARDED BY ECONOMY STORE

J. N. Ward, manager of the Economy Store, announces that Saturday night closed the prize contest at the store which had been in progress during the week's sale and that prize numbers were determined. The \$10 goes to ticket number 2608; \$5 was awarded to E. Nease of Main street with number 1576 and \$5 goes to number 2714. The first and third numbers have not as yet been called for at the store, Mr. Ward states.

ed, Wm. Dalton Hays, Jr., winning two of these medals and the following each receiving one: Hona Ansley, Miriam Summers II, Adele Scheib, Edris Vairin.

Two cups are given each year. The cup awarded by Breath's Haberdashery for the best high school athlete, was won by Nolan Ladner. This is the second year that Nolan Ladner has won the cup as the best athlete. The cup given by the Riviera Furniture Company to the best all-round high school student was won by Hertha Garcia of Lake Shore.

The athletic medals given by the Times-Picayune of New Orleans were won by Nolan Ladner, Nolan Taconi, Earl Ramond, David Middleton, and Frank Beeson.

The honor plaque had the name of Mary Elba Marshall engraved on it in recognition of the ranking pupil of the class, the valedictorian. Mary Elba Marshall received also the honor scholarship which is awarded for four years to Sophie Newcomb College, a scholarship which is awarded each year at the Bay High school to the ranking girl of the senior class.

### DISTRICT SOCIETY MEETING

Mrs. C. C. Clark, Zone President, Announces District Meet of Methodist Ladies At Long Beach

The Women's Missionary Societies of the South Mississippi Methodist district will hold a rally at Long Beach Methodist church Tuesday, June 10, beginning at 9:30 o'clock, and continuing through the day until about 3 o'clock in the afternoon. This meeting was announced formerly as the zone meeting for the societies including the Bay St. Louis church but has been expanded to a district rally.

Mrs. C. C. Clark of Bay St. Louis, zone president, will be in charge of the meeting and has prepared an interesting program to cover all phases of missionary society work. She urged a large attendance of delegates from the entire district which roughly is bounded by Columbia, Lumberton, Wiggins and all Coast churches.

Mrs. L. W. Alford, McComb, Mississippi conference missionary society president, will be present for the rally and will deliver one of the principal addresses. Mrs. Mark Davis of Vancleave, district secretary, will be another distinguished guest.

Among those who will participate in the program are: Mrs. W. W. Stockstill, Bay St. Louis; Mrs. R. E. Johnson, Gulfport; Mrs. T. T. Taylor, Gulfport; Miss Sallie Ellis, Moore Community House, Biloxi; Miss Heffler, Wesley House, Biloxi; J. L. Sells, pastor, presiding elder of the Seashore district; Rev. Roy Wolfe, Handsboro pastor. Music will be furnished by the hostess church.

Rev. J. L. Daniels is pastor of the Long Beach Methodist church and Mrs. Chester Parks is president of the missionary society and they will be prepared to entertain a large number of delegates. Luncheon will be served at noon by the hostess society.

### TWO TRIALS GROW FROM ALTERCATION HERE WEDNESDAY

Chief of Police Mark Oliver And Two Hattiesburg Men Are Fined on Different Charges

Chief of Police Mark Oliver of Bay St. Louis was fined \$25 for using profane language and Dill Bailey and T. F. Alston of Hattiesburg were each fined \$25.50 for resisting arrest, in two cases tried Wednesday at Bay St. Louis, the two men fined in Mayor Chas. Traub's court and the policemen tried in Justice of the Peace Frank Gutierrez's court, the two cases growing from the same altercation.

It is understood that as Alston, who is a representative of the Independent Distributing Company of Hattiesburg, and his brother-in-law, also of Hattiesburg, who accompanied him, were delivering orders of groceries at the Vairin grocery on Main and Second streets Wednesday morning and Traffic Officer San Capdepon, sought to arrest them because they were operating the truck in the city without delivery license. It is understood that Officer Capdepon sent for Chief of Police Oliver to aid him in the arrest, that Officer Oliver is said to have struck Alston once with his fist and Bailey five times with his fist and used profane language. Officer Oliver took the two men before Mayor Traub who fined them \$25.50 for resisting arrest and upon payment of the fines, were released.

Alston and Bailey in turn swore out an affidavit against Officer Oliver charging assault and battery and the use of profanity. He was tried before Justice Gutierrez in the afternoon pleading guilty to the assault and battery charge was dismissed and he was found guilty and fined \$25 for the use of profanity.

### CARL MARSHALL GLAD TO RETURN TO HIS COAST HOME

"I am glad to get back from Elba, and I will resume my practice of law in my usual quiet fashion," Carl Marshall, Bay St. Louis lawyer, told friends at the Confederate reunion Tuesday at Biloxi. He came back to his home after weeks in New Orleans, where he came following a ruling of the Mississippi legislature found him in contempt of that body.

Marshall refused to answer questions in the probe by the legislature into an \$80,000 bribe. He contended that to answer the questions put to him by the investigating committee would be a violation of professional ethics.

Mr. Marshall's return to his home was made possible by a rule of the legislature that holds persons found guilty of contempt can only be sentenced during the legislature and the charges die with adjournment of that body.

### MEMBERS OF PINE HILLS GOLF CLUB MUST PAY TO PLAY

Individual Green Fee Now Charge Pending Final Adjustment of Future Plans

Members of Pine Hills Golf Club, the same as non-members must now pay to play. That is, they must pay \$1.00 individual green fees. This is the summer rate. Winter rate is \$1.50.

Heretofore members, who paid the \$250.00 membership fee, paid dues at the rate of \$60.00 per annum, payable semi-annually, but since the organization has not been collecting any dues for some time past the new ruling has been put into effect, and seems nothing but fair.

A. P. Smith, president of the committee representing the bondholders, has given out the following announcement, addressed to members and which is of interest to the public in a general way:

"As one of the members of the Pine Hills Club you will be interested in knowing that the holders of the first mortgage bonds have been forced to foreclose on the property. As a result it has recently been sold under the indenture and bought in by the Bondholders Protective Committee.

"There are several negotiations pending at present for the disposition of the property, although it is impossible to say just what the outcome may be. We wish you to know however, that in these negotiations we are trying to protect the old membership as far as we possibly can, and hope to have something further to communicate to you in the near future.

"In the meantime, of course, under present conditions no dues can be collected from anyone, but the golf course is being kept open and is in very excellent condition at this time. We shall continue to maintain a group of workers there, and want you to know that the course will be open to you and all former members upon payment of green fees of only \$1.00 in lieu of any dues.

"As soon as we have anything more definite to report to you regarding the future handling of the property, we will communicate with you again."

### PARTY ATTENDS CENTENNIAL AT SPRING HILL COLLEGE

Visit to Mobile for Exercises Replete With Pleasure Courtesies at College

A party including Mr. and Mrs. Q. E. Cutler, Miss L. C. Del Bondio, Miss Marie Betrand, Miss Jane Lang of Pass Christian, Mrs. Burke of Gulfport, and Mr. and Mrs. Chas. G. Moreau of Bay St. Louis, motored to Mobile Sunday to attend the centennial celebration of Spring Hill College. The party were guests of Miss Del Bondio and the college faculty to whom they are indebted for many courtesies during the day.

Upon arrival at the college the party had breakfast, 8:30 o'clock, in the private dining room of the college as guests of Rev. Carbajal. They attended the open air mass which was held under the spreading oaks. An Altar had been erected on the occasion under the trees and a special choir of male voices, under the leadership of Rev. Tiblier, sang the mass.

Rev. Cummins delivered the centennial sermon, lauding the pioneers who built the institution, which was chartered under the laws of Alabama and which has been the mecca through all these years of hundreds of boys and young men seeking the fields of higher learning.

Dinner was served to approximately 500 guests at the noon hour. Open house was maintained all day to friends. The music for the day was furnished by the Naval Band of Pascagoula and the Boys' Industrial Band of Mobile.

### NEW MARRIAGE LAW.

The Echo gives its hearty and unqualified approval to the law governing the issuance of marriage licenses in Mississippi, whereby couples are required to file several days' notice of their intention to "commit matrimony." Now if our next legislature will pass a measure requiring a strict physical examination of both contracting parties the last proper safeguard will have been adopted regulating our marriage laws and will be the means of checking various evils resulting from hasty and ill-advised unions.

### Commandary Meeting

The Coast Commandary No. 19 of Knights Templars of the Masonic Order attended the annual Ascension Day service Sunday at the First Baptist church, Gulfport and Rev. Robert W. Emerson, rector of St. Peter's-by-the-Sea Episcopal Church, Gulfport, delivered the sermon. E. S. Drake of Bay St. Louis is commandary officer of the commandary and led the body of Knights Templar in their uniforms to the special seats reserved for them. Several people from Bay St. Louis attended the service.

### HEAVY TRAFFIC QUESTION

Chamber of Commerce Will Investigate Use of Highway by Heavy Trucks

The question of heavy trucks using the beach and other paved highways in the city of Bay St. Louis was discussed Tuesday night by the Bay St. Louis Chamber of Commerce at the regular monthly meeting held in the C. of C. rooms in the Masonic Temple. A motion was passed that the President, George R. Rea, name a committee of three who should look into the matter and if necessary call on the Hancock county board of supervisors and the Bay St. Louis City commissioners to aid in some relief. The committee named included: Mayor Chas. Traub, Sr., C. C. McDonald and Waldo Otis.

The civic body is much interested in continuing the beautification and clean-up campaign which has been a major project of the year and in this connection is urging the cutting of weeds especially on vacant property. A motion was passed in which the Chamber of Commerce will petition the city to pass an ordinance for weed cutting in which it will be obligatory for people to cut weeds and if they fail to do so empower the city to have the work done and submit the bill for collection to the property holders.

Fontaine Martin was a guest for the meeting and before leaving the session joined the C. of C.

The \$250 in gold awarded as an attendance prize by President Rea was won by Chas. G. Moreau.

### ALUMNI REUNION SUNDAY

Event At St. Stanislaus fittingly Celebrated—Linden Braud Elected President

The fourth Alumni Reunion at St. Stanislaus last Sunday proved to be the most successful since the reorganization of the Society. An enthusiastic meeting in the College Hall followed Alumni Mass, celebrated by Father Leo Fahey of the college.

The election of officers for the coming year terminated the morning meeting. Officers elected were: Linden Braud '04 President; Louis Jacob '76 Honorary President; Michael M. Irwin '16 first vice-president; Frank Beaulieu '13 2nd. vice-president; A. G. Favre '16 Secretary; Walter Green '24 treasurer; Louis Jacob '76 Cyril Claverie '17 and John Green '10 were elected as Advisors to the President. It was decided to hold two meetings a year, the other being a mid-winter meeting in New Orleans.

The banquet at one o'clock terminated the festivities for the day. The feature of the banquet was the speech of Mr. Sherman of Pass Christian a member of Class '70.

Linden Braud the new President is a real live wire. He is connected with Peter Pescadore Insurance Co., of New Orleans and has been very active in Alumni work for years. His proposal to hold a mid-winter meeting in New Orleans met with enthusiastic applause and it will be a means of bringing a larger crowd together for there are almost 150 Stanislaus Alumni in New Orleans.

Bro. Peter and other members of the faculty expressed much satisfaction at the large attendance of Sunday's event and the splendid attendance. It was a great day for those who came back to their Alma Mater and of equal interest to all who were present.

### Shower for Bride-To-Be

The Parent-Teachers Association of Taylor school entertained Thursday, May 22, at a surprise shower in compliment to one of the teachers of the Taylor school, Miss Ruth Lloyd of Gulfport, who is to be married in June. One of the school rooms had been decorated with ferns, gladioli and other flowers and about 30 patrons of the school assembled. Mrs. W. W. Stockstill, principal, presided. Miss Lloyd for a drive, stopped at the school, presumably to take a package into the building and as Miss Lloyd stepped on the porch the building was flooded with light. Miss Lloyd was led to a specially prepared chair for her before the desk and a group of school children bore baskets laden with gifts to her. Mrs. E. Backman played Mendelssohn's Wedding March as Miss Lloyd was escorted to the room. Refreshments of cake and punch were served. The committee in charge of the surprise included: Mrs. L. Choina, president of the P. T. A., Mrs. E. January, secretary, and Mrs. Frank Witter. Out of town guests coming for the shower were Mrs. Swanson and Miss Hatfield of Baton Rouge.

No man who ever occupied the White House has proven a greater disappointment to his own party and the country at large than has Herbert Hoover.

The average husband and wife simply were not made for bridge partners.—Exchange. Nor for any other card game, but just why no one can understand.

When the legislature adjourned last Saturday evening the people of Mississippi had reason to give thanks to the Lord that at last the solons had done one thing of real benefit to the State.

Mrs. M. Santini, for the past fifty-four years a resident of Biloxi celebrated her 102nd birthday one day last week. Despite her age, the venerable woman is reported in remarkably good health.

Senator John L. Hebron gave his erstwhile friend Governor Bilbo a terrific tongue lashing during the last hours of the legislative session, but Theodore is so used to being abused by both his enemies and former friends Mr. Hebron's outburst made no impression on him.

Connie Ritter, notorious Illinois gangster and desperado, who it will be remembered, was captured at Gulfport a few months since, pleaded guilty to participation in the murder of Mayor Joe Adams of West City, Illinois, four years ago, and the court gave a life sentence a few days since.

Smokers of cigars and cigarettes are paying just a little more for the pleasure of puffing the weed now than they did prior to June 1st, as on that date the "nuisance" tax became operative. Chewers of "Brown Mule" and other brands of plug tobacco will continue to squirt and spit at no additional cost.

A personal encounter between Col. "Dick" Wooten and Charles G. Moore, prominent and widely-known accountants, created a bit of excitement in the capitol building at Jackson last Saturday. From what was contained in press dispatches, it seems that Moore came out of the scrap second best, having received a knife gash in the head and his face beaten and bruised until it was scarcely recognizable.

Two street cars were bombed in New Orleans last Friday night, which leads us to believe that the carmen who lost in their strike against the public service company some months since still harbor ill will. All that remains for the miscreants responsible for the bombing to be reprehended and given the limit of punishment by federal court to effectively put a stop to the bombing.

Secret service operatives last week uncovered the biggest counterfeiting scheme in all history. They seized one million dollars in counterfeit gold certificates, and it is reported that the plant raided was capable of turning out \$5,000,000 of such currency in a week's time. The dispatches do not report the capture of anyone connected with the gigantic money-making enterprise, nor to what extent the spurious certificates had been circulated.

The United States supreme court has declared purchasers of bootleg booze to be exempt from prosecution on the charge of violating the national prohibition law. Being advised of the court's decision, Senator Sheppard of Texas, co-author of the eighteenth amendment, announced that he would press for immediate action on his bill to make purchasers of liquor equally guilty with the sellers. In view of the rising tide of sentiment in opposition to the "noble experiment," we think the Texas senator will encounter much difficulty in getting favorable action on his proposed amendment.

A South Carolina statesman proposes a "non-political" alliance of farmers to influence congress and bring about legislation for farmers' benefit. Making it non-political will prove a hard job. It has been tried before, but with no visible success.—Mobile Register.

Just how vain such an alliance would prove has been demonstrated in the fate which overtook the Farmers' Grange, the Patrons of Husbandry, the Farmers' Alliance and countless other organizations which had for their purpose the doing of something in the way of legislation for the benefit of those engaged in agricultural pursuits. Political demagogues quickly got in control of such alliances and they soon ceased to exist.

### NO INCLINATION TO DISPUTE

A University of Georgia professor says that "coffee, tobacco and automobiles are to blame for the crime in this country." We had long been under the impression that crime could be ascribed to some other cause, but of course the Cracker State school master knows what he is talking about and we have no inclination to dispute with him.

### THE OLD CARPET BAGGER!

At the age of 93 years, General Adelbert Ames, the carpet bag governor of Mississippi, was impeached and kicked out of office in 1876. He is now in a Boston hospital recuperating after a long illness. A few prayers are being said for him.

## HIGH AND DESERVED PRAISE OF OUR BIDWELL

Anyone, in either public or private station, who can secure or command praise and commendation at the hands of Hon. Edgar S. Wilson, the best and fairest judge of men we know of, should count himself honored indeed, therefore The Echo is pleased to give space to the following high and deserved compliment Mr. Wilson pays Lieutenant-Governor Bidwell Adam:

Naught but praise is heard by senators of the able and impartial manner in which Lieutenant-Governor Bidwell Adam presided over the two regular and two extraordinary sessions of the legislature. There has never been but one appeal from his impartial rulings and in this case he was overwhelmingly sustained. It is common talk around the capitol, and the same is true throughout the state, according to reports, that the rulings of Lieutenant-Governor Adam not only as president in the Franklin impeachment trial, were so fair that one could not have told where his sympathies were. Not in a single instance was his rulings appealed from or questioned. Whenever vital or technical questions arose during that procedure, Lieutenant-Governor Adam was successful in his efforts to preserve the decorum of that historic occasion.

After the legislature finally adjourns Lieutenant-Governor Adam will rest and recuperate from his arduous legislative duties at the Goose Point Clubhouse on Cat Island where he will engage in parliamentary jousts with the tarpon, bull red and jack fish. He is a noted fisherman and has perhaps caught more large tarpon than has any man in the state of Mississippi, regardless of where he lives.

### MAYOR'S CLEAN-UP PROCLAMATION

A proclamation signed by the mayor and commissioners of the City of Bay St. Louis, designating the two-week period from Monday, June 2 to Saturday, June 14, as clean-up weeks, has been issued and officially promulgated in these columns. People residing within the prescribed limits of the city are asked to clean up. This with a view of bettering sanitary conditions seeking for the public health and individual good.

At this time of the year, on the threshold of the long and hot summer, we know of nothing more timely, and the hope is expressed that not only will this proclamation be read but that its provisions will be heeded. In fact, carried out to the very letter.

That cleanliness is next to godliness is accepted and if a thing of beauty is a joy forever, then nothing in the way of a public project can be a thing of joy unless it is first a thing of beauty. Cleanliness means to beautify our city.

The back yard, only too frequently the resort for discarded tin cans and things that have had their day, should become a counterpart of the front yard and the slogan, "Clean up," if heeded, will in time make this nothing but a matter of course.

### LEGISLATURE ADJOURNS

As frequently remarked in these columns during the last few months, the aspirations of numerous prospective candidates for State and district office have suffered a set back. Especially does this apply to members of both branches of the legislature. None of them—administrationists as well as anti-administrationists can go before the people and give any plausible excuse for the miserable failure they made in the passage of a single constructive or beneficial piece of legislation during the several special and the regular sessions of the legislature. Their exhibition of factional hate and personal antagonisms will never be forgotten nor forgiven by the people who elected them as members of our law-making body, therefore it is needless for them to ever again seek political preferment at the hands of a people whom they have disappointed and disgusted. Henceforth only men who can be trusted to look after the best interests of the State and its people are the men who will be chosen for every office from governor down to constable.

### WHAT EVERY TOWN NEEDS.

Laurel is to have a \$200,000 furniture factory, the money for financing the project being over subscribed by the citizens of that progressive Jones county town. Two hundred men will be employed in operating the new plant and as dispatches tell us that "the pay roll means larger industrial opportunity—work for the workers, money for families, more business for business men, additional community activity, larger wealth and larger profits—a greater Laurel and a happier and more prosperous community." Quite right—pay rolls and more pay rolls are what every town needs.

### LEO W. SEAL GETS HONOR

Governor Bilbo, among the half hundred or more appointments made last Saturday on the eve of the legislature's adjournment, was his nomination of Mr. Leo W. Seal of this city as a trustee of the State university and colleges, and at the same time was immediately confirmed by the senate. The Echo congratulates Mr. Seal on his appointment and at the same time expresses the opinion that it is an honor most worthily deserved.

Taxation can be reduced, but it takes courage on the part of politicians, and the supply of that kind of courage is short in the United States and its political subdivisions.—Yazoo Sentinel.

Now you are giving utterance to the truth of a well recognized fact. However, there is no need of giving up in despair, as we believe that the day of the spineless, weak-kneed and cowardly politician is fast drawing to a close and he will be succeeded by men of courage and vision who will relieve the down-trodden property owner, the oppressed and oppressed.

## LOCAL SIDELIGHTS

### COAST HOST TO THE SOUTH THIS WEEK

The coast is host this week—host to the South. Biloxi and its sister cities, Gulfport prominently so, are entertaining veterans of the Confederate army and guests in their fortieth annual reunion. Biloxi, the Mecca, of the coast for this occasion, is doing itself proud. The city crowded, each and everyone is well taken care of. The Boy Scouts, noble organization, a blessing to the country, is well doing its share, guiding and taking care of the aged. It is a pitiful sight, this contrast of manhood. The Mississippi Gulf Coast is the cynosure of the eyes of the South.

### MILLION-DOLLAR BRIDGE DEDICATED AT BILOXI.

Another link, the last in Mississippi, connecting the historic Spanish Trail, was completed recently and dedicated Tuesday, June 3, on the occasion of Jeff Davis' birthday. This million-dollar bridge, of steel and concrete, spanning the waters that separate Biloxi and Ocean Springs and forming the demarcation line between Harrison and Jackson counties, is the very last word in bridge construction. It is built of steel and concrete and is fireproof. The bridge carries the Old Spanish Trail right through the busiest arterial roadway in Biloxi, just as we hope some day to see the millions of autos going through this section carry through the business section of Bay St. Louis.

### PASCAGOULA BRIDGE SELF-FINANCING.

Jackson county financed its own bridge building over the singing river of Pascagoula charging a toll of 50 cents and not burdening the ad valorem tax-payers. Collection of toll has far exceeded expectations. Coupons books for bridge traffic was rapidly reduced in price and it is expected the 50-cent straight toll may soon be reduced.

On Sunday morning, June 1, at 7 o'clock 90 cars had already paid 50-cent toll and by 5 o'clock that evening 712 cars had paid the stipend exacted. It is easy to correctly surmise that one thousand cars passed over on the Sunday.

Jackson county, apparently, has had the right idea. By this plan only actual users of the bridge are paying for its construction and probably the bulk of tax-payers of the county who never use the structure are exempt from paying of same. Bond issues are alright, but they incur a heavy burden, and—always on the same people.

### RIGOLETS TO OPEN JUNE 9TH.

Announcement from the Louisiana Highway Department is to the effect both Chef and Rigolets bridges will be thrown open to the traveling public and the way from New Orleans to the Mississippi Gulf Coast will be toll free. Much of the roadway has been surfaced and this, too, will add to the incentive to augment travel thither. We may expect the number of week-end visitors in manifold acceleration. Also, may they hasten the building of the short-cut roadway.

### SAYS COAST BOULEVARD IS FINEST IN WORLD.

E. V. Richards, of New Orleans, and who owns a home in Bay St. Louis, and is one of the outstanding executives of the Paramount-Public Theatres corporation, is spending a while in this city, and says he comes here because he likes it. No man has and still travels more than he. A trip around the world, to the Orient and again continental Europe and several times annually to California and New York, thence up and back again from Canada, he says, speaking of the Mississippi Gulf Coast boulevard, "in all the world no trip like this," paraphrasing the famous Wrigley slogan advertising Catalina Island. There is nothing like it, he says, neither in America or Europe and one never tires driving along the Bay-Waveland shores over the bridge to Biloxi-Ocean Springs and back. It adds to the attraction of living on the coast. And the writer opines this is right. Do we, who live here permanently, sufficiently realize this?

### UNDER WHICH FLAG, MR. PRESIDENT?

(New York Evening World)

The progress in the conference on the tariff announced by Senator Smoot leaves no doubt but that the Grundy tariff swindle will be passed by Congress and that the President will have to take a stand in approving or vetoing the measure.

The President knows that no tariff act in history has been written under such disgraceful scenes of log-rolling.

He knows that all economists know that this bill is the most atrocious piece of legislation in the interest of extortion that ever passed the American Congress.

He knows that it will increase the cost of living to the American people in these days of depression by a billion dollars a year.

He has been informed by the leading economists in the country that the bill is the most unscientific ever written and that it is a menace to our foreign trade as well as to American consumers.

He knows that it is a direct negation of the aim he himself outlined in his Message for a limited revision. He knows that it will not help the farmer because for every potential dollar it gives him it takes five dollars away.

He knows that two-thirds of the American press has declared for a veto.

When the bill reaches him he will have to choose under which flag he will array himself and his Administration. He will lock arms with Grundy or he will put himself at the head of the people.

## PRESIDENT STANISLAUS COLLEGE SPEAKS AT DeLISLE SCHOOL HOUSE

Pro. Peter Addresses Graduates DeLisle Consolidated School—Members of Of Class

Last Thursday night before a large gathering Bother Peter, president of St. Stanislaus College, Bay St. Louis, delivered to the graduates of DeLisle consolidated school an address on the of the materialistic age.

In part, he said, that success is accomplished by loyalty to home, to parents and to country. That they must not imagine their parents to be too old fashioned when they correct them or caution them of the doings of the materialistic age.

"He cautioned them to develop individualism, self-control and perseverance. Individualism in the sense that we must not be governed by those around us in doing things that we know will not produce good. Self-control to day is the crying need of the age. Too many wish to allow free reign to all their thoughts, to all their whims. We can never shake off control no matter where we are or what occupation we may attempt. Perseverance means success. "Success is to quote our late Bishop Gunn "ten per cent inspiration and ninety per cent perspiration."

Enlarging upon this the speaker continued: "The world will not judge you by what you know but by what you accomplish. We must be men and women of character, to have the course of our convictions, to stand firm and immovable when trials and temptation urge upon us. To have courage and constancy in life's battle and unless our moral nature is developed our career must necessarily be a failure."

To have an apt illustration in the life of Mr. Alonzo Hayden who lately passed to his reward he did not have the opportunities to acquire an extended education, but his life's success was equalized by a few men. The successful man is the one who does the right thing in the face of odds. Self-control plays the part of the key to success and certainly Mr. Hayden possessed this in an admirable degree. He undertook nothing without a careful analysis of the way of approach and the means to accomplish his success.

Brother Peter's address was greatly enjoyed.

Professor A. V. Arendale also made an appropriate address by telling the patrons of the school that he had endeavored to give to the school his best talents and that he tried to treat their children as if they had been his own children. If any error was made (which is conceded to every human being) it must have come from the mind but not from the heart.

Everybody applauded to such deep thoughts coming not only from a kind professor but also from a deep philosopher.

Graduates from the eighth grade class were: Angelena Ladnier, Bernice Moran, Grace Nicaise, Beatrice Pavolini, Horace Ladner, Ralph Moran, Frank Saucier, Earl Sellier, Noel Sellier, Mevin Nicaise.

The songs and accompaniments were well rendered.

Brother Peter's address will be remembered for a long time in the DeLisle community.

## Delivering The Goods

The railroads of the country go everywhere and carry everything, and thus they enter into every phase of modern life. The vast flow of goods that moves over their lines is proof of the diversity and immensity of needs and desires in a great nation where a high standard of living prevails. Truly the railroads serve everybody and in every conceivable way.

The railroads serve the individual by carrying food and clothing. They serve the home by transporting building materials and fuel. They serve agriculture by hauling seed stock and implements and farm products. They serve industry by moving raw materials and manufactured goods. In fact, everything that contributes to our national economic productivity enters into the great stream of traffic that unceasingly pours through the nationwide channels provided by the railroads.

Altogether this traffic stream is made up of approximately 25,000 classifications of commodities, some of which in turn comprise hundreds of different items. The value at destination of a year's shipments by rail in the United States was recently estimated as being approximately sixty-eight billion dollars.

The railroads are mindful of the great responsibility resting upon them by reason of the essential nature of their work. They are proud of their record of service in the past, but at the same time they are steadily increasing their capacity and efficiency. With the continued good will of the public, they can be relied upon to advance constantly in usefulness to the nation.

Constructive criticism and suggestions are invited.

L. A. DOWNS,  
President, Illinois Central System.

## SPLENDID TRIBUTE PAID TO MEMORY OF SOLDIER BOYS WHO DIED FOR FLAG

Members of Clement R. Bontemps Post, American Legion, Carry Out Program of Respect on Memorial Day—Bro. Peter, of College, Principal Speaker of Day—Parade to Cemeteries.

Bay St. Louis and Hancock county paid beautiful tribute on Friday afternoon of last week, Memorial Day, to the memory of the departed soldier boys of this city and county—boys who left home and all, who went forth in order that others may live, and died in the heroic struggle.

Memorial services were held at the A. & G. Theatre, use of which the management gave, with an appropriate program, and over which Commander Henry Capdepon, of the Clement R. Bontemps Post, American Legion, presided.

Bro. Peter, president St. Stanislaus College, and president-elect Bay St. Louis Rotary Club, was the principal speaker of the day. His address was expressive and one of most tender and grateful sentiments. His fine delivery added to the address.

Miss Hermine Perkins and Mr. Ben Hillie, of this city, each rendered an appropriate vocal number, with Mrs. Winfield Partridge as pianist. At the conclusion Rev. Father Leo Fahey of this city delivered the benediction. Invocation was by Rev. C. C. Clark, pastor of the First Methodist church, of this city.

Members of the Joe Graham Post, (Gulfport) drum and bugle corps, detachment from the National guards, ex-service men, members of Bay St. Louis benevolent and other societies and others marched from the theater through the streets to the two local cemeteries, where appropriate honors were tendered and respects paid to each grave of the departed soldiers. An American flag was placed at each place of rest.

It was, in all, a fine ceremony throughout, and the Clement Bontemps Post members and others took part in a fine program, marking the day when we turn from the turbulent thoughts of the day to things that are hallowed, dear to the mind and everlasting to the tender and grateful thought.

### ... SUCCESSFUL HOMEMAKING

By GRACE VIALI GRAY

### EASY TO MAKE COOKIES

No homemaker knows how easy it is to make cookies until she has used self-rising flour. By using this flour, time is saved because the baking powder and salt have already been added to the flour in right proportions which makes for dependability.

The woman who uses self-rising flour for her cookies, pastry, cakes, and biscuits never has to apologize for her products, for they are always of the same excellent quality.

It pays to have one standard cookie recipe which can be varied from one baking time to the next. This makes for ease and quickness in baking. Such a standard cookie recipe is as follows:

### Standard Cookie Recipe With Variations

4 cup fat 3 cups self-rising  
3 cup sugar flour  
1 egg 1/4 cup milk  
1/4 tsp. vanilla 1/4 tsp. flavoring

The following flavoring may be used:

Grated Orange or Coconut  
Lemon Peel Pecans  
Vanilla Walnuts  
Peppermint Butter

### THE LUNCH BOX

"Early to bed, and early to rise, Makes a boy healthy, wealthy and wise."

All very well, as far as it goes. But what the boy eats before he's "early to bed," what he eats when he's "early to rise," and what he has in his school lunch box—that's what "makes a boy healthy, wealthy and wise."

Wise mother knows her boy's nutritional needs at home and at school. She knows his need for calcium and phosphorus, as well as for proteins and vitamins of meat and eggs and vegetables. She knows that if she bakes her boy's foods at home, with self-rising flour, that she is giving her boy the benefit of the miller's combination of important minerals for growth—all the essentials of a well-balanced diet.

So wise mother makes the lunch box sandwiches of quick breads made with self-rising flour, butters them well, and fills them to capacity with chicken or other lean meat, or with sliced hard-cooked eggs. A raw vegetable, carrots preferred, and a little fresh fruit, she adds to the sandwiches for homeliness.

### DOUGHNUTS

Doughnuts can be quickly and easily made at home. So easy is it to make doughnuts today that the doughnut jar should never be empty.

By using self-rising flour for making the doughnuts we can save considerable time in the mixing process and our doughnuts are always the same. The leavening or baking powder, and the seasoning and the salt have been combined in the proper proportions and have been mechanically mixed.

A good inexpensive recipe for doughnuts requiring only 1 egg is this:

1 egg 3 cup sugar  
1/4 cup milk 1 cup self-rising  
1/4 tsp. vanilla flour  
1/4 tsp. nutmeg 1 tsp. vanilla

Beat the egg with the sugar, add the milk, flour, nutmeg and vanilla. The dough should be as soft as can be handled. Roll a inch thick, cut with a doughnut cutter, and fry in a deep fat, such as lard or oil, at 350° F. for 2 minutes. Drain on paper towels.

### "BLACK BILLY SUNDAY" TO SPEAK IN BAY ST. LOUIS WEDNESDAY, 11

Unmatched Negro Preacher  
To Be Heard at Colored  
Baptist Church, at  
7:30 P. M.

"Black Billy Sunday" Evangelist J. Gordon McPherson, the Unmatched Negro Preacher, the most widely known on the American platform, the one whom Roark Bradford, the Author of "Q! Man Adam and God's Chilluns," the co-author of "Green Pastures," the Broadway hit, that won the Pulitzer prize, says gave him the inspiration for this world triumph, as published in the New Orleans Sunday States, of May 18th, will give one of his soul-gripping inspirational sermons, here in Bay St. Louis, at the Colored Baptist Church, next Wednesday evening, June 11th, 7:30 o'clock.

Pastor H. H. Lowe, extends an invitation to the white and colored citizens to come and hear one of the famous Negro preachers of the country.

Dr. McPherson, is selected by Bishop R. E. Jones, to conduct a big old time camp meeting at Gulfside, Waveland during the month of July. Many white people declare that he is the greatest living Negro evangelist, that no other attracts larger crowds of both white and negroes as he.

### Successful Card Benefit.

Success from every angle marked the benefit card party at Mrs. Nixon's residence, Waveland, Friday afternoon of last week, by the ladies of the Altar Society of St. Claire's church, of which Rev. Father Costello is pastor.

A net sum of \$60.00 was realized which fully defrays the balance of an amount due on vast improvements made by the organization on the interior of the church. Mrs. A. E. Carrere, is president of the Altar Society.

### "ALABAMA BOUND" PROVES SUCCESS THURSDAY NIGHT

Seniors at Bay High School  
Use Play Proceeds To  
Purchase Radio for  
School

The success of the play, "Alabama Bound," given by the senior class of Bay High School Thursday night at the Central school auditorium, was shown by the appreciative audience. From the standpoint of the acting of the play, the frequent applause and laughter of the audience gave full proof of its acceptance, while the proceeds showed that the play was financially satisfactory.

All agreed that the actors were well suited to the roles they played. From Argle Mitchell, who took the part of a good looking young man of 21, to Raymond Talbot, who portrayed an old time Southern sheriff, the characters were well chosen in the men's parts, and from the heroine, played by Mary Elba Marshall, to Pink a colored maid, impersonated by Hona Ansley, the feminine roles were likewise effectively enacted.

"Alabama Bound" was produced under the direction of Miss Bessie Givens, senior class sponsor and English teacher in the high school. Between acts Miriam Summersgill and Warren Larroux entertained with popular songs at the piano and banjo, and Bennie Hille and Edith Ballard delighted with vocal solos.

The proceeds of the play will be given by the senior class toward the purchase of a radio for the high school which is to be installed some time before the opening of school in the fall and which will bear a plate, stating that this is the gift of the class of 1930.

### JOHN FRAM TO THE VOTERS OF THE SECOND HIGHWAY DISTRICT:

I have just completed a canvass of the District, and the situation is fine. I do not believe there is any doubt that I will be in the final run-off for State Highway Commissioner, and I want to thank my many friends who have been so loyal to me, for the efforts which they have put forth in my behalf. I shall always be grateful to them.

The race has just begun, and I am in it to stay, even after the votes are counted, and I want to warn you against all last moment propaganda.

It is an old political trick to circulate a withdrawal report or other propaganda as a campaign comes to a close, and I want to warn you against such reports.

If I am elected Highway Commissioner, I promise you a clean, honest administration, and full value for all money expended.

Thanking you for your continued support, I am

Cordially and sincerely yours,

By virtue of an execution directed to me by A. G. Favre, Clerk of the Chancery Court of Hancock County, Mississippi, I will on

MONDAY, THE 7TH DAY OF JULY, 1930,

in front of the front door of the courthouse of said County, in the City of Bay St. Louis, Mississippi, within the hours prescribed by law, expose for sale and sell at public outcry to the highest bidder for cash, all the right, interest and claim, which the defendant, John Rogers, has in and to the following described property situated in the County of Hancock, State of Mississippi, to-wit:

Beginning at a point on the East side of the Public Road known as the Bay-Kilm Road, which point is 6 1/2 chains East of the half section corner on the East line of Sec. 18, T. 8, S. R. 14 W., thence running East 34 chains; thence North 40 chains; thence West to the Eastern line of the afore-mentioned Bay-Kilm Road; thence Southwesterly along said line of said Road, to the place of beginning. Said land is a part of the J. J. Jourdan Claim, Certificate No. 3, Claim No. 3, in the T. 8 S. R. 14 W.

Which has been levied on as the property of said John Rogers, and all his interest therein will be sold to satisfy said execution, together with all costs.

This 24th day of May, 1930.  
J. C. JONES, Sheriff.

City Waterworks Collector.

## BEEES WIN GAME SUNDAY FROM NEW WAVELAND TEAM

### Final Score for Exhibition Game Was 4-3—Game Ex- citing Throughout

(Wm. D. Hays, Jr.)

A three-run batting rally in the first inning, plus a two-bagger in the last half of the ninth, enabled the Bay St. Louis Bees, to nose out the Waveland team in an exhibition game Sunday, 4-3.

The Bees started off in the opening period, making three hits count for three runs, but were unable again to touch the pitcher, Condon of Waveland until the final frame, when Nolan Ladner smashed a long one deep into right field and scored Collier, who had reached second by a single and a steal.

Waveland scored her first run in the third inning and pushed across another in the sixth. "Pike" Telahier crossed the plate with the tying run in the seventh stanza.

Condon pitched an excellent game for the losers, striking out 11 Bees batters, and keeping air tight support from T. J. Bourgeois and H. Bourgeois could not bunt their hits sufficiently to overcome the Bay lead.

"Cotton" Collier performed well on the mound for the Leaguesmen, and had his curve under control at all times. He fanned five men.

"Potts" Perre led the Bees' slugging attack with three singles in four trips to the plate, while Nolan Ladner was runner-up with his one-bagger and double in five times at the bat. T. J. Bourgeois and H. Bourgeois each contributed a pair of singles to the Waveland total and F. Bourgeois pulled out a double. Leroy Bontemps celebrated his appearance in the Bay St. Louis lineup with two stolen bases.

## BEEES OPEN SECOND HALF SUNDAY WITH PASS CHRISTIAN

### Line-Up of Eligibles For Second Half Announced By Fred Fayard of Bay

(Wm. D. Hays, Jr.)

The Bees of Bay St. Louis will open the second half of the Coast League race Sunday with a game against Pass Christian, scheduled to be played at St. Stanislaus diamond.

The men eligible for use in the second half, as announced by Fred Fayard, include: Nolan Ladner, "Wop" Glover, "Hippo" Phillips, Manuel Haas, "Cotton" Collier, Tommy Egloff, Alex Caspolic, "Potts" Perre, Jack Ladner, Marvin Lacey Russell, Lachner, G. Y. Blaize, Jr., Leroy Bontemps and Theo Tudury.

## COAST STARS WIN FIVE OUT OF SIX

(Wm. D. Hays, Jr.)

Among the Bay St. Louis baseball teams that have been showing up well in recent contests are the Coast Stars, managed by Manuel Maurigi. The Coast Stars have made the remarkable record of five victories out of six starts. They are anxious to arrange games with other local and neighboring nines and Manager Maurigi has asked for any teams desiring to play the Coast Stars to get in touch with him.

## REPAIRS ON WRECKED ENGINE COST \$10,600

Undergoing repairs in the railroad shops at McComb this week is the big engine of the Panama Limited which was wrecked at Tangipahoa Sunday morning, May 18th, when it collided with a Chevrolet coupe, resulting in the death of Engineer Ford, Harry Watts, the fireman and J. P. Wall, Jr., 14-year-old boy of Tangipahoa who was driving the car. The big engine left the rails and plunged 35 feet from the track, exploding within a few feet of Highway 51 which parallels the railroad at this point. A wrecking crew of 75 men was quickly put on the heavy job of getting the engine back on the rails. It was necessary to lay a temporary track from the main line to the engine. The work was completed late Tuesday afternoon and the big machine was towed back to McComb. The cost of the engine was \$300,000 and it is estimated that at least \$10,000 will have been expended before it is again ready for service.—Magnolia Gazette.

## "NUISANCE" TAX EN- FORCEMENT WILL EM- PLOY 24 PEOPLE

It has been given out that at the beginning it will take a staff of 24 employees at a total salary cost of \$54,000, to handle the new nuisance tax matters. After the law gets really to working, this number with a proportionate salary increase, may be doubled, or possibly, trebled. The fact is, no one can just tell how these jobs can multiply. Every employee and his family become voters for the law which applied the job, hence it behooves that power to supply many jobs.—Port Gibson Reville.

## GRAFTING UPLIFTERS

Some time ago the commissioner of public welfare of New York, declared that many so-called charitable agencies divert to the use of their own personnel at least 50 per cent of the money collected from the public. This statement was made before a conference of charities and corrections, and coming from such an authoritative source is entitled to consideration.

Many "welfare" campaigns are conducted by professional workers on a percentage basis, whereby the promoters and their associates reap great personal benefits, according to the commissioner. These "social workers" are often only social parasites, who exploit the generous impulses of the ordinary citizen for their own profit and glorification. It should not deter charitably inclined persons from giving to really worthy causes through reputable agencies like the Red Cross and Salvation Army, for instance, but it should be a warning against flying by-night organizations which exist principally for the purpose of giving lots of pseudo uplifters an opportunity for easy pickings.

That mighty air craft, the Graf Zeppelin, has again come and gone, and ere these lines are read will probably be safely back home at Friedrichshafen, Germany, after its fourteenth flight.

Having personal acquaintance with Governor Long of Louisiana, we cannot say that cartoons of His Excellency appearing from time to time in our New Orleans contemporaries are his exact likeness.

A Fort Scott, Kansas, hanker plead guilty to 25 counts charging embezzlement, forgery, violation of the state banking laws and fraud, and the judge sentenced him to serve a total of 16 to 223 years in the state penitentiary. That's the way to hand it to them, but we have doubts about the chap serving out the maximum penalty, inasmuch as he is now 47 years of age.

The farring and feathering of that dentist over at Hammond, La., the other night by five brothers is about the most outrageous piece of mobbery that has come to our notice in some time, and if justice is served the five brothers will keep each others' company within the walls of the Louisiana penitentiary for as long a term as the law permits.

On Monday last the Hon. Owen J. Roberts of Philadelphia took the oath of office as an associate justice of the United States supreme court. He is the attorney who represented the government in the successful prosecution and conviction of Albert B. Fall ex-secretary of the Interior Department, in the famous "Elk Hills" case, and he is also recognized as one of the greatest lawyers in this country.

K. K. Kennedy, law student at the Louisiana State University, has been indicted on a charge of circulating a libelous statement through the issuance of the "Whangdoodle," a pink circular distributed about the university campus last April, which contained attacks on several of the institution's faculty. The young man was to have received his bachelor of laws degree this week, but instead will receive his dismissal. Too bad!

A member of the Mississippi clergy, long esteemed as a personal friend, writes to suggest that after the legislature adjourns the congregation should sing, "Happy Days Are Here Again." It's a fine old hymn, but we still insist that the music festival should include, "Praise God From Whom All Blessings Flow."—Jackson Daily News.

Luke Reilly says, "The Rat Died Before Reaching the River." "Since moving near the river 2 years ago, we've always used RAT-SNAP. Watched a vicious water rat nibbling at RAT-SNAP outside the house. About 15 minutes later he dashed off for the water, and he died before he could get to the river." Three rats, 35¢, 65¢, 12¢. Rat and guaranteed by Beach Drug Store.

## BILBO'S FIRST VICTORY AND A SORRY ONE

Consistency is not a jewel in the lower branch of the Mississippi legislature. Consistency is not even a good one in the upper branch.

A spectator who sat in the gallery the other day and afterward declared that "they behave like a herd of wild jackasses" was not far from correct.

There would have been some justification, at least, for his description had he been in the House gallery late yesterday when the body, by a decisive majority, rejected a bill framed by one of its special committees to abolish the office of State Tax Collector and transfer the duties thereof to the State Tax Commission.

Lack of political courage, and a cold bluff by Gov. Bilbo caused the measure to go down in defeat.

Possibly—just possibly—the inviting spread of the pie counter, which is to be opened before the session adjourns, may have had something to do with it.

At any rate, one of the most meritorious measures of the session was voted down with a whoop, and the governor succeeded in "putting one over" on the Big Four, the only victory he has scored in four long and weighty sessions of the law-making body within the past eighteen months.

Gov. Bilbo does not want the office of State Tax Collector abolished or its duties transferred to the State Tax Commission, and all members of the House were well aware of this fact when they voted on the measure Monday.

The governor is not consistent—never was and never will be, for that matter. He was quite willing to abolish the 15 per cent contingent fee attached to the office of Attorney-General after Gen. Rush H. Knox was impeached and ousted from office last summer, but, for reasons peculiarly his own, he desires to see the present State Tax Collector retained in office with his horde of fee-grabbing hirelings, armed with letters of marque and reprisal, to continue their polite game of legalized highway robbery throughout the state.

Declaring that he would veto a bill to abolish the office, if passed, and at the same time dangling the alluring bait of more than 100 appointments to be made before final adjournment of the legislature, Gov. Bilbo has apparently succeeded in keeping the State Tax Collector in office, but it will not be for long.

Abolition of this office, which has cursed the commonwealth since the day it was created, and has driven more capital out of the state than all other evil agencies combined, will be an issue in the next state campaign, and the candidate for governor or legislator who does not openly declare that he is opposed to its existence will be doomed to inevitable defeat.

The House yesterday "took a licking laying down," from the governor, and singularly enough, the members seemed to like it. Perchance, ere many days have passed, the motives of some of the members who voted against the measure may be revealed. At any rate, Gov. Bilbo scored his first victory over the lower branch of the lawmaking body, and it was such a sorry victory that he has no cause whatever for rejoicing.

The line-up at the pie-counter during the next few days will be worth watching.—Jackson News.

What They Owe It To.

If it wasn't for the forgetfulness of American voters a lot of politicians would be out a job.—Florida Times-Union.

## PROBERS WILL CONTINUE WITH INVESTIGATIONS IN MATTERS OF THE STATE

### Clarion-Ledger Says Committee Will Finish With Bilbo And Miller Investigations—Have Legal Right Is Leaders' View—Effort Will Be Made To Block Further Investigation.

Mississippi has had its share of investigations during the current legislature, but the end is not in sight—no matter how ardently the many persons apparently wish that such was the case, says the Jackson Clarion-Ledger.

The Anderson house roving committee proposes to continue its inquiries into activities of Governor Theodore G. Bilbo and the office of W. J. Miller, state tax collector.

The Senate Gregory roving committee members say they are through and will not meet again. Administration members on this committee go further and say that they have no legal powers now that the legislature has adjourned.

An eye is cast toward the Anderson committee when this assertion is made. They would like to see the house rovers call off their dogs without continuing the chase.

In fact, there is being quoted considerable "authority" by which their arguments are bolstered holding that the Anderson committee no longer has power to inquire into official acts.

But precedents of the congress and all state legislatures is dead against these arguments, say many of the able legal leaders of the house. The present legislature was elected for a four-year term. This term expires on January 1, 1932—not with the closing of the present regular session.

Furthermore, the American rovers are amply financed by the house and have full authority to go into whatever investigation the members may desire—state, county, or municipal, for that matter.

When the members resume their activities, however, according to gossip about the capitol, a legal test may be made. An effort will be made not only to block the further investigation of the administration of Governor Bilbo but also the committee's inquiry into fees paid to Carl Marshall, Bay St. Louis lawyer, by the Mississippi Power Company.

The Anderson committee, however, is curious to determine whether there have been other sizeable fees paid for legislation and taxation. They have a tentative list of a number of other witnesses to question along these lines.

The committee may return to Jackson not later than next Saturday to again take up the trial. The exact date is to be determined by Chairman Sam. V. Anderson of Greenville.

## FORD CUTS PRICES ON CARS, TRUCKS, \$5 TO \$25

The Ford Motor Company Sunday announced price reductions of \$5 to \$25 on passenger cars and trucks. A statement accompanying the announcement of price changes said: "These reductions in prices are made in accordance with the policy of the Ford Motor Company of lowering its prices from time to time in order to pass on to the public the benefits derived from economies in manufacture."

Up to May 20, 610,057 cars and trucks were delivered to purchasers this year, it was announced.

# B. D. MOORE

CANDIDATE

## State Highway Commissioner

KEEP THE BUILDING OF OUR ROADS OUT OF POLITICS;  
ELECT A MAN ABOVE GRAFT.

THIS IS NO JOB FOR A POLITICIAN.  
THIS IS NO TIME FOR EXPERIMENT.

## B. D. Moore Is Tried and True

He is a man of PROVEN BUSINESS ABILITY. HIS INTEGRITY HAS NEVER BEEN QUESTIONED. He IS AFFILIATED WITH NO POLITICAL FACTION.

B. D. MOORE HAS NOT ACCEPTED SO MUCH AS ONE CENT toward the cost of his campaign. After election, he can say NO to any man. Can any other candidate say the same?

As You Vote, Pause, Consider Each Candidate and Ask yourself The Question,  
IS HE HONEST?

## WARNING!

B. D. MOORE is Clean, Wholesome, Protestant Gentleman. He has conducted a Clean Campaign. He has said nothing unfair, unkind or untrue about any of his opponents. You are cautioned now to treat with the contempt they deserve any eleventh-hour lies about MR. MOORE. They may even appear in the same paper in which this appears. Mr. Moore's victory is conceded and certain others, waging a hopeless and futile fight against him, are resorting even to untruths and misrepresentation.

Gentlemen, heretofore admitted for 75 cents, will pay 50 cents. Ladies, 25 cents. This is one of a series of four ball entertainments given by the ladies of the Circle for a specific benefit.

—Dr. J. O. Segura, of Jackson, and Dr. R. S. Russ, of Biloxi, both well-known in this section, were visitors to Bay St. Louis for the day Wednesday and attended the luncheon-meeting of the Rotary Club, both members of International Rotary. Dr. Segura is visiting his brother-in-law at Biloxi, and is attending the Confederate Reunion of professional capacity.

—Dr. Henry Boswell, superintendent of the State Sanitarium at Sanitarium, for tubercular patients, following a year of strenuous work and feeling the burden of his responsibility of the week and is spending an indefinite period of rest in Bay St. Louis. He is the house guest of Dr. C. M. Shipp on the North Beach Boulevard.

—A novena to Our Mother of Perpetual Help, began at the Catholic church Tuesday evening at 7:30 o'clock and if the success of the novena is to be judged by the large attendance at the initial services, more than ordinary interest was manifested by the members of that faith. The services will be held each Tuesday evening at the same hour for nine successive Tuesdays.

—The past few days the return of many New Orleans families owning summer homes at the Bay and Waveland has been noted, and not a few transient visitors are making reservations for board, rooms and house hunting. Despite the dull times of which so much is heard, there is every prospect for all the Coast resorts to have big crowds of visitors never better.

—Nat L. Washburn, manager Great Southern hotel at Meridian, was a visitor to Bay St. Louis a few days since, accompanied by Mrs. Washburn, and guests of Waldo Otis at the Hotel Weston. Mr. Washburn is one of the best known hotel men in the State and his depth and sincerity of cordiality has well won for him the many friends both he and his business claim.

—Miss Veronica Manieri underwent a minor operation Monday at the Hotel Dieu in New Orleans. Her mother, Mrs. A. T. Manieri, who has been ill at the Hotel Dieu for some days, and who has now recovered, was discharged over the week-end from the hospital but remained in New Orleans to be with her daughter. They will return to the Bay next week.

—Mrs. E. D. Elliott and Miss Irma K. Elliott of New Orleans and Mrs. Kenneth S. J. Elliott of Monroe, La., arrived at the Bay last Saturday afternoon where they have remained this week visiting at the home of Mr. and Mrs. L. S. Elliott on Union St. While here the guests have attended the Confederate Reunion celebrations at Biloxi and Gulfport. They will return to their homes at the end of the week.

—Garcia & Carr, contractors and builders, have been awarded the contract for the building of the new dwelling for W. J. Gex, Junior, on the South Beach Boulevard. Smith and Norwood, of Gulfport, are the architects of this English-type home and Mr. Norwood will supervise the construction. Mr. and Mrs. Gex plan to move into their new place by September 1.

—Visitors to the Oriole Tea Room, Mrs. Orie M. Pollard, a hostess, are charmed with the beautiful floral decoration of the place at all times. Here one finds trailing vines tastefully arranged and vases and jars of delicate tints set here and there filled with the color of flowers from a bountiful and gorgeous garden. Guests at the tea room not only enjoy the delicious and correctly served meals but delight in the atmosphere of charm that pervades the place.

—Mr. L. N. C. Spornio and sister, Miss Eugenie Spornio had as their guests during the early part of the week, Mr. and Mrs. A. P. Firmont and little niece, Marion Borden, of Marksville, La., and also Mr. Francis Grenillion, also of Marksville. The party had been attending the three-day centennial celebration at Spring Hill College, Mobile. Mr. Grenillion, a student, was of the party on the return trip home. Miss Agnes Laguel of Bay St. Louis was also of the party visiting Mobile.

—Bay St. Louis parents are particularly fortunate that their city can boast of exceptional facilities for the education of their children, and those who fail to take advantage of those facilities are doing themselves a disservice. A fine instance is an instance which they will live to regret in the years to come. With a splendid public system and two colleges for the higher education of boys and girls in our midst, the fathers and mothers of the city and other persons who have educational opportunities for their children, should not fail to take advantage of them.

—Miss Geraldine Ames has returned from New Orleans where she visited her sister, Lillian, Mrs. Charles Zerr, who recently underwent an operation for the removal of her appendix and is reported doing nicely. Mrs. Zerr numbers her Bay St. Louis friends among the scores and wishes to express her appreciation to the friends who have been so kind as to write her.

## BAY-WAVELAND YACHT PROPERTY TO BE SOLD MONDAY, JULY 7.

An official promulgation, appearing elsewhere in this issue of The Sea Coast Echo announces the forthcoming sale of the Bay-Waveland Yacht Club property, located on the South Beach Boulevard, corner Washington street, the sale, to be made under execution of the provisions of a mortgage deed of trust, will take place on the first Monday of July, the 7th, in front of the court-house.

W. J. Gex, Junior, is trustee in the premises.

## City Commissioner's Son Undergoes Ordeal Of Knife Operation

John Egloff, son of City Commissioner Ferdinand H. Egloff, is recovering from an operation for chronic appendix which took place at Hotel Dieu, New Orleans, and the young man has so well convalesced that he is expected to be brought home Sunday.

He is one of the younger sons of Egloff family, who, with his brother Tom, has been in the mercantile establishment corner Hancock and Sycamore street.

## HELEN WOLFE IMPROVING

Helen Wolfe, young grand daughter of Mrs. N. Burg, 109 Union street, and sister of J. Townsend Wolfe, 349 Main street, was taken to Hotel Dieu at New Orleans last week in an apparently hopeless condition, paralyzed from the waist down and the loss of the use of one arm. Many doctors consulted and attended her and her condition was declared "ascending paralysis." Her condition was such as to entertain little hope. However, late reports are that her condition shows vast improvement and her general condition is encouraging. It is expected by long and constant attention she will regain her former normal condition. A most lovable and attractive young girl, many friends pray and anticipate her early recovery.

## STOUT-CROSBY ENGAGEMENT ANNOUNCED

Mr. and Mrs. L. O. Crosby of Picayune announce the engagement and approaching marriage of their daughter, Gladys, to Mr. Roderick James Stout of Vicksburg. The marriage will take place June twenty-eighth at Crosbyhurst, Picayune.

The announcement will be of much interest throughout Mississippi, and elsewhere, because of the many friends and prominence of the young people and the families they represent. Miss Crosby has just graduated from All Saints' College, Vicksburg, and has been active in social affairs of the college set. She is a beautiful young girl of winning personality.

Mr. Stout is associated with the Merchants National Bank & Trust Company at Vicksburg. The wedding will be solemnized at Crosbyhurst, the beautiful and very spacious home of Mr. and Mrs. L. O. Crosby, noted for its hospitality, at Picayune.

—Mrs. A. A. Kergosen, who has been ill during the past few weeks at the family home in Carroll avenue, has recovered sufficiently to be up and around the house again.

—Mr. George E. Pitcher returned home last week-end from an extensive trip to the Southwest and is home for a few days before leaving on another extensive business trip East.

—Mr. and Mrs. George H. Moore, and family, arrived Wednesday for the summer and have less for the second consecutive season the Geo. Penn dwelling on the North Beach Boulevard.

—Mr. and Mrs. Joseph Chalons, of New Orleans, accompanied by their family, have arrived at their summer home on Clermont Beach where they are domiciled for the season. Their son-in-law and daughter, Mr. and Mrs. Graham, and little son, accompany them.

—Graham & Hille, local repair garage, have moved their business from Second street to the corner of Second and Third streets, to the brick building formerly the Spornio mercantile store and south of the Bay-Waveland Yacht Club. The move was made to get on the beach and to be at practically Waveland's doorway.

—Mrs. Gertrude Slay, of Monroe, La., has been visiting at the home of her sister, Mrs. Horace Kergosen, Uman avenue, and left for her home Wednesday morning by auto by way of Vicksburg. Miss Slay, who is a while, Mrs. Slay was accompanied home by her young daughter, a student at St. Joseph's Academy, the past season, and also by her little niece, Helene Kergosen.

—While the heavy truck and bus traffic is using the Bay St. Louis bi-county bridge free of any tax or expense whatever, and said to be causing the heaviest kind of wear and tear, Jackson county collects a toll of \$3.00 from every bus (each way) going over the county bridge at Pascagoula. This strikes us as good business sense. While all autos pay a flat toll of 50 cents passengers by foot go to and fro at pleasure.

—Religiously inclined "I've always been religiously inclined," remarked the oyster as he slid down the minister's throat, "but I never dreamed I would enter the clergy."

## SUMMER CAMP TO OPEN, 16TH

## St. Margaret's Daughters To Open Summer Beach Home Monday Week

St. Margaret's Daughters' camp, the James Hubert Blank Memorial will open Monday, June 16, with Mrs. Joseph J. Ritayik, of Waveland and New Orleans, chairman of a large committee in charge, and Miss Anna Kennedy, state president, in charge of admissions. So many applications for the recreational two-weeks have been received already that the organization has decided to give new requests an opportunity in place of some of those who had the vacation last summer.

A total of \$3000 worth of repairs and improvements have been made on the Blank camp. Enough dormitory space for 417 guests was ready last year but the dining room was too small. This season the latter has been extended eight feet and a porch has been built upstairs over the extension. A glass-enclosed porch has been added to the cottage for mothers with large families. Drinking fountains and shower baths have been installed on the grounds.

St. Margaret's Daughters take care of approximately 400 in a summer, groups of about 80 guests going at one time for a period of two weeks. Mrs. Eneeny Rice is escort for the travelers. Mrs. Ritayik's committee includes Mrs. O. Passalacqua, Miss Anna Lee Hanley, Miss Margaret Gleason, Mrs. Robert McNamara, and Mrs. W. R. Smith, all of New Orleans.

## LET WATER TOWER PAINTING CONTRACT

The city commissioners at the regular meeting Monday morning let the contract for the painting of the outside of the city water tank and all of the water tower to O. H. Bodie of Pascagoula. His bid was \$250. It is understood that work will begin at once.

## Novena Well Attended

The novena of Our Mother of Perpetual Help which began at our Lady of the Gulf Catholic church Tuesday was well attended. The novena will continue each Tuesday with the morning communion and evening service.

## BIG DANCE SATURDAY

Devotees of the dance are looking forward to the dance to be given Saturday night of this week, June 7, at W. O. W. Hall, Bay St. Louis.

In addition to a large patronage, many guests are expected from Pass Christian, Gulfport and intermediate points. Everybody is invited and asked to have a good time and at the same time help a worthy cause.

## SCHUBERT CLUB ON THE AIR

The Bay St. Louis Music Club, of which Mrs. George R. Rea is president, and Miss Eveline Lacoste director, broadcast a varied and interesting program last Saturday afternoon from station WGCN, at Gulfport, and many congratulatory messages and compliments followed on the excellency of the splendid singing.

## TWO VISITORS COMPLIMENTED.

Mrs. Victor C. Camors of North Beach Boulevard was hostess Wednesday at a bridge-luncheon given in compliment to her house guests, Mrs. Joe E. LeBlanc and daughter, Mrs. H. Joe Verret of Painscourtville, La. Pink premier supreme roses were standing one marked by the graciousness of the hostess ideal. Every appointment had been faultlessly evolved and carried out and every little conceit here and there served as contributing factors.

This was another of those parties of charm and beauty, easily an on standing one marked by the graciousness of the hostess ideal. Every appointment had been faultlessly evolved and carried out and every little conceit here and there served as contributing factors.

The tally cards were of parchment and hand-painted and elicited general admiration.

## SENIOR DINNER.

The senior class of Central High school was entertained Friday noon at luncheon at the Hotel Weston with Mrs. Bessie Givens, senior sponsor and Miss Lyda Boyd Blount, member of the Bay city schools faculty, as joint hostesses. The tables were prettily dressed for the occasion in the classic colors, pink and lavender, carried out in the sweet peas. A tempting course menu was served to the 22 members of the class.

## MISS BERTRAND MAID AT BILOXI REUNION.

Miss Marie Bertrand, of Pass Christian, who is equally as well known socially in Bay St. Louis, has the honor of being one of the maids on the general (Oklahoma) staff at the Confederate Reunion in Biloxi this week and has been showered with attention on every side. She is accompanied with Miss L. C. Del Boudio and have a suite at the White House for the week.
